

Affinity Teaching School Alliance Teaching Assistant Conference

Affinity Teaching School Alliance in partnership with Wellbeing Education is offering a full day conference devoted to Primary School Support Staff. To support the professional development and learning of support staff we have designed a programme that includes inspiring key note speakers and key workshops led by SLEs and partners to help support staff extend their practice back in school. The workshop programme has been constructed by TAs from Affinity TSA and is available to both Affinity TSA members and wider partners.

Key Note Speakers:

Steve Harris – Wellbeing Education *Steve specialises in helping schools bring out the best in pupils in a variety of contexts- most importantly when it comes to the difference that TA's can make. Steve has a long record of inspiring schools by turning evidence based research into practical and achievable practice. Steve's most recent work has been leading a programme centred around pupil character development for Public Health England.*

David Briggs – Executive Headteacher of Kibworth CE Primary School, Director of Teaching School & National Leader of Education. *David Briggs has been the headteacher of two Outstanding schools and is the lead headteacher for Affinity TSA. David specialises in curriculum design and learning (amongst other things) and will be presenting an inspiring key note centred around pupil learning at the conference.*
